Commenting on the results and performance, Mr. Vijay Bansal, (Chairman & Managing Director) of Cantabil Retail India Limited said :

“With considerable slowdown on the discretionary spending we have demonstrated notable resilience in these tough conditions. Our Company has delivered admirable financial results with a revenue growth of 11% in 9M FY24 despite muted consumer demand and a warmer winter affecting our winter sales. We have observed that despite the overall muted market conditions our customers have upped their spends leading to increase in average bill value.

Looking forward we remain cautiously optimistic. Our focus is to provide superior value to our consumers, drive competitive volume growth, and invest behind our Brand. Notwithstanding the external slowdown, we are confident that we are on the right path to execute the growth strategy. We anticipate a rebound in discretionary spend with the onset of the wedding season and also late winters, propelling the company’s growth trajectory further in the coming quarters.

On the expansion front, the Company accelerated its store expansion strategy by opening ~66 stores during the first nine months of the year. We remain focused on pursuing our long-term strategic agenda by further expanding our reach with the aim of being ever more proximate and convenient to customers, reinforcing our brand promise, expansion into newer markets, diversification across various segments and categories, and ensuring an elevated shopping experience to our customers.

With a positive outlook on the growth prospects of both the Indian economy and the fashion apparel sector, we are determined to leverage our robust brand recall value to drive consistent, sustainable growth. We are confident that this business is well poised to shift gears and deliver substantial value to customers and shareholders going forward.”
